

Bulletin: No.3 – **Ibex Travel COVID-19 & FCO Advice**

Date: 21/08/2020

Dear All,

Following the update from Europesure on 10th August 2020 regarding the British Nationals living in Europe and any subsequent FCO advice regarding travel.

I have contacted our Travel Insurer's – Voyager, Starr and Sirius (for those remaining policies in run off) and they have confirmed they are following the same stance as Europesure in that British Nationals living in Europe should follow the local advice and not the UK FCO Travel Advice.

Therefore, to confirm:

If our client's is an EEA resident then they should follow the local Government authority (or local equivalent) regarding "essential travel only" subject to all other standard terms and conditions of the policy cover.

Below is a link to the Spanish equivalent to the FCO.

<http://www.exteriores.gob.es/Portal/en/ServiciosAlCiudadano/SiViajasAlExtranjero/Paginas/RecomendacionesDeViaje.aspx>

Trust this will help answer your client's queries re FCO advices.

Please do not hesitate to contact Underwriting if you have any further queries.

With kind regards,

Underwriting Dept.
